Attn: Russell A. Strong

Gentlemen:

I am sorry to inform you of the death of my husband, Milton Edwards, on July 28, 1992.

Could you do a small "Obit" in your next issue?

Milton served 25 missions on the B-19 with the 423rd. He was a Tech/Sgt. (Raymond Check crew).

He died from Congestive Heart Failure and would have been 80 on Nov. 3, 1992.

We attended most reunions but didn't reserve for England as Milton's health was not good since last November.

Sincerely,
(Mrs) Elizabeth Edwards
