Dear Russell:

I appreciate hearing from you regarding the missions. I have enclosed a check to send all the records that you have concerning the missions listed. My top-turret gunner, Geo.A.Vogt, said we had 23, however, after I receive the list, perhaps it will be varified. There is one mission, H.Sharkey, we dropped out of formation and arrived over Holland--left the bombs on a flak-boat, near the Zider-Zee. Perhaps we'll find it. Thanks again,

Best always,

Dear Ralph:

Everett Minto

I have checked through my records and find the following missions which I can positively identify as including you:

	10 Oct 43	Munster
	3 Nov	Wilhelmshaven
q	5 Nov	Gelsenkirchen
	13 Nov	Bremen
	11 Dec	Emden
	20 Dec	Bremen
	4 Jan 44	Kiel
	11 Jan	Walberstadt
	14 Jan	NW France
?	21 Jan	NW France
	30 Jan	Brunswick
	4 Feb	Frankfurt
	22 Feb	Bernberg
?	2 Mar	Frankfurt
	20 Mar	Frankfurt
	23 Mar	Hamm
	28 Mar	Dijon
	29 Mar	Brunswick
	12 Apr	Kassel
	20 Apr	NW France
	22 Apr	Hamm
	24 Apr	Oberpfaffenhofen

On the two missions in question, the pilot you had been flying with flew, but I do not have a crew interrogation form to prove that you were on the plane. You said 21 missions, I show 20 and 2 perhaps?

If you want to send \$35 for all, or whatever, I will include both of the questionable missions, sh you can perhaps establish which one you may have been on.

All the best,
