Mr. Russell Strong:

Dear Sir,

I just went there July 91 checked and was reading about 306th Squad Officers.

(1): Burton, Harry K. came to Thierlyd, Ky. in 42-43 as a 1st Lt. and was assigned to Transporter. He advanced up to Capt. then Major and was transferred to I don't know another job. I can not give you more info as I can home to USA on points.

Harry told me he operated a service station in Chicago, Ill before joining the Service:

(2) Furst, Stanley S. was Adj. & Co of the 39th Serv Sq. stationed at Cowan Air Field in Boise, Idaho. It had to be between June 41- possibly mid 42 when I left for Bangs Station. That is all I can give you on this gentleman.
(over)

If I can be helpfull with
anything else, I'll be glad to
do so.

Wishing you and your
Family a Happy & Prosperous
New Year.
