Dear Sir

I received your letter last wk. also I went to visit Woodrow today but was told he was in the Hospital in Hag. He had a stroke a few wks. ago. He is 75 Im 78.

We trained in the states with Ft. Campbell & Ft. Lend, by the time I arrived at Thurleigh Ft. Campbell & crew had bad luck, I flew as a replacement in ball turret on different crews. Woodrow & I are cousins from Hag. Md. We both went into service at the same time. I flew one mission with the C.O of 368th. & Briefing Officer sorry I forgot their names. One mission with Woodrow at Swinford the ball bearing factory. I was happy that I never missed a call to go.

Woodrow W. Sember
